**March 27, 2010**

**Attention: Council, District &, Unit trainers; Commissioners; and interested Scouters,  
Youth Leaders, & Arrowmen**

The Hiawatha Seaway Council is presenting a **Trainer Development Conference** on  
Saturday, March 27, 2010 at Immaculate Conception Parish Center, Brownville, NY.

You will receive guidelines on effective training techniques that will be used to present training in your Scouting units & districts. You will contribute by providing the materials that new & youth leaders need to make their Scouting experience easier & more exciting.

By participating in this conference, they will be able to provide a program that is more rewarding & that our youth will want to participate in.

Quality leaders are the result of Quality Training.

Quality Training of new & youth scout leaders is one of the main responsibilities of the Hiawatha Seaway Council and the local Scouting District. Getting these new leaders through training as soon as possible will enable them to feel comfortable with the program. You will be doing your part by making sure training happens in your community.
