Longhouse Council Presents Adirondack Forest School

Whether you are planning to pursue a career in environmental science or are just passionate about nature and the great outdoors, this is an adventure you don't want to miss. Join the staff of Sabattis Scout Reservation for this specialized provisional trek program that will provide participants with hands-on experiences in wildlife biology, forestry, soil and water conservation, and more!

Science

- Learn how scientists study and monitor environmental conditions in the Adirondacks.
- Meet representatives from the Paul Smith's College Adirondack Watershed Institute and learn what they do to monitor water quality throughout the Adirondacks.
- Gain in depth knowledge about the natural history of the Adirondack Mountains.

Conservation

- Work with our program staff to complete meaningful conservation projects.
- Become familiar with the tools of the trade for a conservation professional in the field.
- Tour the SUNY-ESF Ranger School and find out about careers in conservation and land management.
- Become a Leave No Trace Level 1 Instructor.

“That land is a community is the basic concept of ecology, but that land is to be loved and respected is an extension of ethics.”

- Aldo Leopold

Outdoor Learning

- Live and work with a crew of dedicated and like-minded peers.
- Explore some of the wildest lands in the Northeastern United States.
- Build teamwork and leadership skills through practical, hands-on experiences.
